

Home Page Overview

Notes:

- Toolbar (A) is used for logging in and out, and linking to the "Ask a Question" page.
 - Toolbar should remain pinned to the top of the window (i.e. not scroll with the window contents).
 - See *Toolbar* for details.
- Search Box (B) is used for submitting search strings.
 - Search results take Filter settings (C) into account.
 - See *Search Box* for details.
- The Filter Results section (C) is used to filter the Question list (D).
 - See *Filter Results* for details.
- The Question list (D) displays Questions in the database, based on Filter settings and any entered search string.
 - See *Question List* for details.
 - Use a paging control (E) for long Question lists.
- The Footer (F) contains (or links to) all necessary contact information and legal attributions.
